Marshall Plans Move To Offset Soviet Rejection

Will Make U. S. Position Clear Following Four-Power Pact Turn Down

SAYS U.S. TO STAY ACTIVE IN EUROPE

By KINGSBURY SMITH

MOSCOW, April 17.—U.S. Secretary of State Marshall today is planning to issue a statement before he leaves Moscow to offset the Soviet rejection of the Americanproposed four-power pact against German aggression.

This statement, highly-placed quarters told International News Service, will declare that the United States intends to remain active in European affairs despite the fact its proposed 40-year commitment in this regard was turned down. Marshall and his advisors are effect of the Soviet action on American public opinion which might take this apparent slap as reason

for returning to isolationism. Aims Of Marshall

Marshall was said to be hopeful tnat the statement at the end of the Big Four foreign ministers conference will accomplish these two aims: 1-Rally American opinion for continued support of a strong policy in Europe, and

2-Make clear to other countriesparticularly the Soviets-that the United States will not withdraw from Europe merely because the four-power pact did not work. Following Soviet Foreign Minister Molotov's rejection of the 40-year quadripartite alliance-and Premier Stalin's reported refusal to reverse this on the grounds that it follows the Politburo's preferences—talk was heard of a three-power pact.

Pact Without Russia? Some delegates to the Moscow conference were speaking of a pact (Continued on Page Two)

House Prepares SITUATION IN BLAST Some Estimates To Pass Labor STRICKEN TEXAS CITY Place Death Toll

(By International News Service) Here is the situation at stricken Texas City, Tex., a municipality of 15,000 population which was shattered almost beyond belief by a series of explosions and fires yesterday and today.

DEAD: Varied estimates ranging from 500 to 1,200. INJURED: At least 2,000.

CAUSE: The French freighter Grand Camp, loaded RELIEF WORK IS TO SOFTEN BILL with nitrate at the Texas City docks on Galveston Bay, blew up after a fire started in the hold. The blast touched off another explosion that destroyed the nearby Monsanto Chemical Co. plant.

Two new explosions early today aboard a ship in the bloody horror that has gripharbor caused more casualties and destruction.

RESULT: Yesterday's blast, felt as far as 100 miles after beating down attempts away, jolted the entire Galveston Bay area. Many fires uncontrolled fires. to soften the sweeping started in oil storage tanks in Texas City and in ships anchored at docks and in the harbor.

DAMAGE: Reported to be many millions of dollars. mated at 650. The demolished Monsanto plant alone was said to be worth Dr. Clarence Quinn, disaster

RESCUE WORK: Doctors, Nurses, Enforcement Officers, Red Cross and National Guard, Soldiers and Sailors The House swept through the 68- from many parts of the nation aiding in finding injured were buried in the burning,

LOCATION: Texas City is 12 miles across the bay from Galveston, which is 35 miles south of Houston.

IT'S A SMALL WORLD

If the shade of Jules Verne keeps in touch with cur- support for food prices at the very rent events on this old earth, the shade must be experiencing a new thrill as he reads of the exploits of the Reynolds Bombshell, on its round-the-world record breaking trip.

About three days to circumnavigate the globe seems these facts were pointed out by Seclike something by Superman. Jules Verne was considered a bit balmy when he wrote his "Eighty Days Around The most important of all is the fac World," but even Verne in his wildest flights of fancy gram adopted by Congress, we might probably never conceived anything like 78 hours.

If a high speed military plane can do it, soon a heav- selves at new high levels and also ier plane, a bomber for example, will be able to do it. Our to ship food to hungry Europe. two ocean protection seems to be dwindling fast. Today New York City could easily be a target for an enemy plane are both producing about 40 per starting from a point 10,000 miles away.

With the farthest distant point in the world only a only two countries in the world that relatively few flying hours away, the United States will do world war I, there was a disaswell to see to it that we are prepared for any emergency.

THE CAMPAIGN AGAINST FIRE

On May sixth to eighth, a conference will be held in nore the fact that the price of only without doing a bit of work at Washington, D. C., which will be of direct and personal ported. About \$80,000,000 is being available in many homes, it means though I don't know why we should importance to every person in the country. It will be a spent to support the price of pota- that the mother slaves for these all be in a tizzy national conference on fire prevention—and it has been 1946 crop. Potatoes are a small they expect their mother to go on called by President Truman to meet a grave emergency.

In attendance, there will be officials of the Federal government, the states, and municipalities, and representatives of business, the professions, and civic and service T organizations of many kinds. It is hoped that the largest Ine World possible representation of interested parties will appear and that officials from every state will attend.

The conference will have several purposes. It will, first, create a wider recognition of the need for more adequate standards of building construction, and the firm and impartial enforcement of building codes and fire safety ordinances. Of equal importance, it is hoped that late President, Franklin Delano limin and lets him be a parasite.

It will be remembered that our character if his mother slaves for late President, Franklin Delano limin and lets him be a parasite.

Louis Post-Dispatch.

When in the silence of the night When darkness hugs the world so tight, When all is hushed and quiet with sleep, When haunting mem'ries 'round me creep When I can spend that hour alone And find the man I've never known When I can meet him face to face And there commune with me apace.

When I can take myself in hand And measure up just where I stand, When I can gaze into my heart And see my worth upon life's chart When I can look back o'er the road And count the times I've shirked my load And estimate the hours I've spent On things that were not permanent.

When I can realize the crime Of spending worthlessly my time. When I can call things by the name I ought to, and accept the blame; When I can place where it belongs The reason for my countless wrongs When I can pile in one great heap My faults - the harvest I must reap.

When knowing what I am, can say From this time onward, from today I'll work and serve and will to win To mold a better man within. So when I turn the searchlight on, The faults I had will all be gone. And there shall stand revealed to me. The man God meant that I should be.

Hints On Etiquette

If you are a temperamental person, remember that it is extremely poor taste and bad manners to allow yourself to have a tantrum either in your business office or in a social gathering.

Looking At

By ERIC BRANDEIS

You have probably read about that fellow Eugene Dennis, secretary general of the Communist party, who refused to tell a Congressional committee his real name. "It is not important what name . man takes but what he stands or and what he does," he declared. After I got through reading that story, I noticed an advertisement in the adjoining column.

Let me quote from it: "Baron Rothschild, the banker, vas once asked to make a business

"'It's a sound loan,' he replied, yet, my present plans won't permit me to lend you the money. But I will walk with you across the Erhange floor.

"He did-and the loan was at once the two of them together. The Baron's mere gesture was a suffiment testimonial to the integrity of

Baron Rothschild's name was known the world over. His name meant power and wealth and the mere mention of that name was

bread and butter plates.

Whereas ye know not what shall be on the morrow. For what is your life. It is even a vapour, that appeareth for a little time, and then vanisheth away.-James 4:14.

In primitive society hunting dogs are often treated as human beings. In certain tribes killing a dog is considered as bad as murder.

Inside Washington

Rent Control Extension Seen Another New Congress Wrinkle By Year 2,000, One In Eight Over 65

Special to Central Press

WASHINGTON, April 17.—It is a safe bet that Congress will extend rent control for 11 months or a year without any provision for a flat increase

This is forecast despite the fact that the House banking committee has voted for a flat increase of 10 per cent in rents. The reason is that Republican leaders on Capitol Hill have staged a retreat from the idea of a blanket rent hike and they are pretty certain

see to it that no such provision will be included in the extension bill. Support for extension legislation is so overwhelming that the continuance of rent controls beyond the June 30 expiration date is a foregone

The House committee is practically certain to reconsider the 10 per cent boost which it approved. Committee members are predicting that it will be thrown out. House action has been postponed until April 16.

CONGRESS HAS ANOTHER new wrinkle. It is a day-to-day resume of congressional activity known as the Daily Digest and henceforth will appear regularly in the Congressional Record whenever the House or Senate

The Daily Digest is required by the Reorganization Act, but its initial appearance was delayed two and one-Italf months. Its authors say it will take five minutes to read, but assure time-harried members that "from it you will get an overall review of business transacted by

The Digest begins with highlights of action taken each day in each House and then proceeds to summarize what was done in each chamber. It includes the number of bills introduced, reported from committees and sent to the president for his signature. It also includes the program in each House for the following day.

made by another banker who saw YOUNG BILL KNOWLAND of California drew a special tribute on the Senate floor the other day. Older senators on both sides of the David E. Lilienthal argument joined in asking that he break off his speech until the following day because so few senators were on the floor to

> Knowland's opponents conceded that his speech was "excellent and important"-- a rare admission for the opposition. The 38-year-old California Republican, appointed to succeed the late Hiram Johnson and then re-elected to his own term by a quarter-million plurality, is winning respectful attention in the Senate by his thorough preparation for debate, plus a "let's-be-fair-about-this" approach.

makes no difference under what A LONG-RANGE FORECAST by the Bureau of Labor Statistics discloses the information that by the year 2000 one out of every eight persons in the country will be 65 years of age or over. This is twice the 1940 ratio. Because of this, social security programs, as well as the employment

> the nation. Older workers also will be a more dominant political factor. There has been a gradual decline in the proportion of men 65 and over who continue to work or seek work. In 1920 no fewer than 60 per cent of these older men continued working, but the percentage will have fallen to 45 per cent by 1950.

Union Civic Club Meets Wednesday

Discussed At Meeting Of Township Residents

In an interesting talk to the members of the Union Civic and Athletic Association at Union high school last night, Harold Burns, publisher of the New Wilmington Globe, spoke on the Lawrence County Cancer campaign. Mr. Burns, outlined the aims of the National Cancer Society. He also mentioned that the and sausage supper in the Wurtem- local chapter of the Cancer Society radium to be used in fighting cancer in this county. This radium, he stated, would be used at no cost to

the patient being treated. At last night's meeting, plans were Township auxiliary, which proved made for a Memorial Day Service school on May 30. The committee in charge of the services will be Michael Bowden as chairman, Serving with him will be Ed Donnley and Howard Cox. Aside from speakers, the program will be composed of music furnished by students of The matter of securing the co- Union high and other special fea-

Senator Declares President Should Have Polled U.N.

WASHINGTON, April 17.—Sen. Hawkes (R) N. J., charged today that President Truman "repudiated" his country's responsibilities in the United Nations by failing to poll UN members in advance on his Greco-Turkish aid program.

Hawkes announced that he will vote against the 400-million dollar assistance plan. In a prepared senate speech he declared that the program's "potentialities" have not been adequately explained to the

The GOP member's statement came as three senators, just back from Greece and Turkey, threw their weight behind the bipartisan drive for passage of the aid bill. Repudiated Responsibilities

"I believe the president, in making this proposal without first assaying the feeling of the member nations of the United Nations, has . . repudiated the membership responsibilities of the United States

in the United Nation' Hawkes added that the resident's "Greek expedition" may mean that this country is "entering an international no man's land from which we may find it impossible to retrace

He urged reorganization of UN so that the one-nation veto power is "not allowed to block the peace of the world". Hawkes insisted that even now Mr. Truman should poll UN members-especially the 49 who usually vote with the United States -on whether they approve of the

Greco-Turkish plan. The trio of touring senators were slated to join in the debate this af-

SPEEDIE MAKING! SPEEDIE SHAPING!

61/2 cups OCCIDENT Family Flour 2 cups lukewarm (87° F.) water 1/3 cup sugar

2 cakes compressed yeast

2 eggs 1 tablespoon salt 1/3 cup shortening

OCCIDENT for finer flavor, longer-lasting freshness! Speedie baking successfirst time, every time! Recommended by Virginia Roberts of the Occident Home Baking Institute for all your good home baking.

Mix Like This. No Kneading!

1. EASY! Place lukewarm water, sugar and yeast in mixing bowl. Add salt and 2 cups sifted flour. Beat with electric mixer or rotary egg beater 2 minutes. 2. FAST! Add eggs and melted and cooled

shortening. Beat 1 minute.

3. NO KNEADING! Gradually add 41/2 cups flour, stirring until a dough is formed.

4. READY IN A JIFFY! Allow dough to "rest" in bowl for 20 minutes for ease in handling. Dough is now ready for shaping into rolls.

1. Roll 1/3 of Speedie Roll Dough into a circle about 12 inches in diameter on a floured bread board. Cut dough as for a pie, into 12 wedge-shaped pieces. (Balance of dough can be used for additional crescent rolls or other favorite

2. Brush top with melted shortening. Roll up each piece (start at the wide part of the wedge and roll towards the tip).

3. Place roll with tip down on an oiled baking sheet. Curve

4. Cover. Let rise in a warm place (about 85° F.) for 40 minutes. Bake 15-18 minutes in a moderately hot oven

SEND FOR YOUR SPEEDIE METHOD NOW! FREE!

Senate Chamber Badly Mussed Up

Looked As Though It Had Been Struck By Tornado After Public Hearing

OTHER NEWS OF STATE AFFAIRS

HARRISBURG, April 17.-(INS) Pennsylvania's Senate chamber at the State Capitol looked as though it had been hit by a tornado after a public hearing on the administra-tion's \$133,000,000 tax program April 9. . . . When the hearing was adjourned, the richly-furnished chamber's green carpets were littered with cigarette butts, peanut shells, paper bags and newspapers. Several score placards carried by bottling workers protesting the proposed tax on soft drinks were scattered throughout the chamber, many of them leaning against priceless paintings on the wall. . . tators wildly applauded speakers denouncing the proposed taxes.

Pennsylvania's constitution grants he citizens the right to assemble at the State House. . . Section 20 of Article I provides: "The citizens have a right in a peaceful manner to assemble together for their common good, and to apply to those invested with powers of government for rederess of grievances or other proper purposes, by petition, address or remonstrance."

gency tax program was anticipated tion committee. because "nobody likes taxes." . . . The measure, sponsored by Ren. the industry or business selected, the General Assembly.

acted. . . . Suggested subjects of ston Churchill moved out, taxation have included amusements, coin-operated amusement devices machines, apples, fuel oil, phonograph records, gas pumps and in-

ophy of hitting the poor people

and consumers.

House Majority Leader Herbert P. Sorg has won much admiration for his efficient guidance of the 168-member Republican bloc in the lower chamber. . . . The 35-yearold Elk County Assemblyman has been regarded as one of the ablest mer in the legislature . . . He is

Vacancies on the Liquor Control Board, Public Utility Commission and Superior Court Bench probably will not be filled by Gov. James H. Duff until his tax program has been . The governor has indicated passage of the bills was his chief concern at the present time and other matters would be sidetracked until lawmakers approved his fiscal plan for financing imnext two years. . . . Proposed levies porate intake have met strong opizations representing consumers. Republican legislatives leaders have practically guaranteed enactment of the bills in a form to assure revenues anticipated by Duff.

John B. Conly, Pittsburgh lawyer and prominent young Republican appeared to be a leading candidate for a post on the Public Utility former Philadelphia treasurer, has been mentioned as a possible appointee for the Liquor Board. Both posts pay \$10,000 a year. The expiration April 1 of the term of B. Frank Morgal, of Camp Hill, as a member of the P.U.C. created appointed. . . . The \$18,000-a-year Sen. Charles H. Ealy, of Somerset. who was president pro-tempore of the upper chamber from 1941 to

state inspectors, mine foremen, fire cials would be asked to testify at individual meetings. The committee will make preliminary arrangements next week, he added, but no date has been set for the confer-

to the floor two bills sponsored by cause of paralysis. Rep. Harold E. Flack (R) Luzerne, to tighten safety requirements in anthracite mining to prevent explosions from gas similar to the Nottingham mine disaster at Plymouth in January and the recent Exeter blast which claimed an aggregate

least weekly examination of accessible sections of abandoned chambers in which explosive cases

have been found "at any time". The other bill would require workings approaching abandoned areas be stopped at least 100 feet from the deserted sections for tests to determine the presence of gas cr other hazards

Fifteen Killed Fifteen men were killed in the Nottingham blast caused when workers punctured the wall of an unworked area, releasing pent-up gas while the Exeter explosion was fatal to 10 miners.

Secretary of Mines Richard Maize attended the committee meeting and traced improvements in safety conditions in the state's mines between 1912 and 1945. He coal were produced for each fatality two years ago compared with a ratio of 260,000 tons of coal for each death in 1912, he said.

The committee investigation was directed in a resolution adopted by the house April 2 to prevent an occurrence in Pennsylvania similar to the Centralia, Ill., disaster. The resolution was sponsored by Minority Floor Leader Hiram G. An-

HANDICAPPED GET JOBS

CHICAGO.-(INS)-Hundreds of former chronic relief recipients, most of them handicapped and dispirited, have been transformed into efficient jobholders through services of an unusual vocational guidance clinic operated by the Minneapolis welfare department. The vocational guidance service has saved Minneapolis taxpayers an estimated \$500,000 annually, according to information cited by the American Public Welfare Association, as well as having served as a major therapeutic agent for hundreds of erstwhile unem-

Expect Early End Of Frost

HARRISPURG, April 17.—If nor-mal weather prevails for the remaining weeks of spring, farmers and gardeners of Pennsylvania can expect freedom from frost damage to crops at various dates, dependign upon elevation and general climatic conditions for their respective areas, the State Department of Agriculture says.

According to federal-state records and observations for many years. Philadelphia and vicinity, in an average year, has its last killing frost by April 10. The Allentown and Harrisburg areas are usually free from frost damage by April 20. also a narrow strip along Lake Erie. By April 30 all crops grown east and south of the Blue Ridge mountains are safe from frost damage in an average year, also in the vicinity of Williamsport, Wilkes-Barre, Scranton, and the area just east and south of Pittsburgh, covering much of Westmoreland coun-

Most central Pennsylvania counties and lower areas in western counties experience their last killing frosts by May 10, and 10 days later in the Pocono mountain and damage can be expected up to May 30 in the higher regions of Mc-Kean, Potter, Tioga, Elk and Cameron counties, according to date

ter county crops usually are not free from frost damage until June 10. The growing season is rather short in northern tier counties where killing frosts of early fall

Women's Club Of Zelienople Given Charter

State Federation President Makes Presentation At Impressive Ceremony

Zelienople's Business and Professional Women's club was formally presented its charter April 10 at a dinner meeting.

Presentation of the charter was made by Grace Daniels, state federation president, to the leader of the club, Mrs. James Henderson. Miss Daniels delivered the main

address of the evening, explaining the purpose and the aims of the B.P.W. She announced that the Uniform Pay bill has been given the green light by Governor Dufi and introduced Mary Clark Myers of Pittsburgh, editor and chairman of the measure. Passage of this bill, sponsored and conceived by the federation, is one of the chief goals of the organization.

Conducts Installation Toastmistress Helen McKinney of District 2, conducted the installation service. Named to serve with the new chapter were Mrs. Henderson, president; Miss Larue Craig, vice president; Miss Ruth Varner, treasurer; Mrs. Burton Hall, reing secretary, Mrs. J. C. Rinesmith. The installation service was closed by Lucille Stitt's soprano solo, "The

TELEPHONE WAGES IN NEW CASTLE

Wages have been made an issue in the strikes that have been called by Unions representing telephone workers in other parts of the country.

The only Union with which we currently have wages under negotiations is that of our Plant Department employees.

There is considerable misunderstanding about the wages paid our skilled workers, the result of inaccurate statements that have been made by people outside the business whose information is sketchy at best.

It has always been our policy to pay our employees wages that compare favorably with those in other industries for work requiring similar knowledge and skill.

Below are typical wages paid employees in our Plant Department in New Castle which are for a 5-day, 40-hour weekThere is, of course, extra pay for Sundays, Holidays and evening and night duty.

Our starting rate for inexperienced, untrained men is \$26.00 a week in New Castle. This goes up by regular and frequent increases to the following top weekly wages paid by US-

Top
Telephone Installer \$67.00
Telephone Repairman 67.00
PBX Installer 71.00
PBX Repairman 71.00
Lineman 65.00
Cable Splicer 71.00
Cable Helper 49.00
Central Office Mainten-
ance Man 71.00
House Service Man 41.00

Negotiations have been under way with the Plant Department Union since March 19, and agreement has been reached on all major matters except wages. This we have offered to arbitrate. The contracts with our other Unions do not expire for some time.

The public that pays the telephone service rates which make good wages possible is entitled to know what those wages are.

Telephone employment has these ten fundamental advantages-

- 1. Telephone wages compare favorably with those paid for comparable knowledge and skills in other industries in the community.
- 2. Telephone wages are based on a 5-day week. with extra pay for overtime, for Sundays and Holidays and for evening and night work.
- 3. Telephone work is steady work-52 weeks a
- 4. New telephone employees are paid good wages while they are learning and their pay increases steadily as proficiency increases,
- 5. The Company's Benefit Plan provides for pay to employees off duty as a result of sickness-for various periods depending upon length of service.
- 6. The Benefit Plan also provides, in case of death, for payments to an employee's dependents-the amount depending upon
- 7. Pension payments are given to employees upon retirement-with full cost paid by the
- 8. Telephone employees enjoy, with pay, regular holidays and vacations.
- 9. Telephone working conditions are equal to those found in leading industries in the
- 10. Telephone employees are given every opportunity and help to get ahead. They move up from the ranks on the basis of individual merit. Supervisory and management forces start their telephone careers at the bottom.

Plan To Study Atomic Energy To Treat Cancer

University Of Chicago Can- poned from April 23 to April 30. sociation of Housing Officials. cer Research Foundation Plans New Program

By DOROTHY DOAN

NEW YORK, April 17 .- The Unithe study of atomic energy for use in treating the dread disease.

gram for which a \$6,500,000 fund ington with the present Congress. up to \$500. drive will be launched in September were made public today by Maurice Goldblatt, president of the founda-

The Goldblatt Brothers Foundation has already contributed one million dollars. An additional \$150,-000 has been promised from the Damon Runyon Memorial Fund.

To Finance Research

Funds will be used to finance research rather than treatment and will pay for the construction of three buildings in addition to the university's present research facil-

One building will house an underground, 92-inch cyclotron to produce deep-penetrating, high-energy particles from atomic nuclei.

A second building will be used exclusively for radio active isotopes (radio active chemicals) which result from atomic energy and are being used now to treat cancer.

A third, hospital building, will have 60 beds and extensive laboratories to give cancer specialists a chance to observe cancer sufferers first-hand to further their research. Determine Atomic Rays Value

The Cyclotron Institute will cooperate with the hospital to determine the clinical value of atomic days for cancer patients.

Three atomic scientists have been appointed to the hospital committee-Dr. Enrico Fermi, Dr. Harold C. Urey and Dr. Raymond E. Zirkie. Medical specialists at the new cancer center will forego private practice to devote full time to research and treatment.

The hospital will be known as the Nathan Goldblatt Memorial Hospital, named for the department store executive's brother who died of cancer two years ago.

The two brothers, Polish immigrants, opened their first store in Chicago in 1914 on \$500 capital They built it into a 15-store chain throughout the midwest. In 1946, total sales reached \$86,000,000.

Goldblatt said that in 1939 he and his brother asked Northwestern University to make a survey to determine how they could spend their fortune for the greatest benefit of he American people.

The university recommended spending it to combat cancer. The department store executive

"We were disappointed. We wanted to give our money to fight heart disease because our mother and father had died of heart trou-

Six years later, Nathan died of

Goldblatt has turned over management of the stores to two younger brothers, Joel and Louis, and is devoting full time to the establishment of the Chicago Cancer Center.

Jap General Says Troops 'Invited' To Visit Manchuria

TOKYO, April 17 .- (INS)-Gen. Jiro Minami, one of the defendants in the Tokyo war crimes trial, declared from the witness stand on Wednesday that Japanese troops did not "occupy" Manchuria but merely sojourned there as invited

Without even a trace of a smile the white-bearded erstwhile war "The Japanese army just stayed

in Manchuria in accordance with a Manchukuoan-Japanese agree-Manchukuo was the name im-

posed on Manchuria after the Japanese wrenched that rich territory from China in the early thirties and set up a puppet "empire" under 'Emperor" Pu-Yi.

Minami's explanation of the Japanese army's presence in Manchuria, which lasted until the Russians swept across the territory in the closing days of World War II, was given in answer to a question by Presiding Justice Sir William

In his fourth day on the witness stand. Minami also set forth a theory attempting to justify the 1931 Japanese invasion of Manchuria which was the first of a series of major Axis aggressions that led to the global war.

The 73-year-old militarist contended that Japan did not violate any agreement with China by sending troops into Manchuria. He

"Manchukuo was separated from China inasmuch as Manchukuo was established in accordance with the will of the Manchurian people."

Issue Of Feeding U. S., Hungry Nations To Be Laid Before Public This Year

OTHER FARM NEWS FROM HARRISBURG

HARRISBURG, April 17.—(INS) -The problem of raising sufficient food to feed the United States and hungry nations of Europe will be laid before the public this year.

Pennsylvania churches have been called on by the U.S. Production and Marketing administration to spur interest in maintaining production on a wartime level. Public opinion will have to stimulate activity heretofore spurred by UNRRA and other relief agencies, the PMA has pointed out.

May 18 has been designated by Death On Holiday the Pennsylvania Council of Churches as "Miracle of Food Day to inaugurate the campaign. Ministers have been urged to tell congregations of the need for fostering peace through sharing of

bare food necessities. "The war is over, but our job of rehabilitating devastated countries Statistics Show Mortality Rate Has remains the biggest task before us," said PMA Chairman Clyde A. Zehner. "Unless some appeal is made to place this responsibility squarely before the public, there will not be enough food to go around."

Death is taking a holiday among Other Outlets In addition to Greece and Tur-1930 the death rate for children key, new agriculture outlets were at these ages has declined 60 per materializing in India and Egypt, cent, which means that only two children are dying today where five

"There must be no letdown in crop outputs, if we are to see that every man, woman and child who Life Insurance Company statiscan't afford to buy our products does not go hungry," he added.

Some downward adjustments were pany's industrial department. foreseen in the vegetable and potato yields, which reached peaks last of death in childhood has shown a year, Zehner said, but top yields marked decline," the statistician of food for export, such as wheat, note. "The improvement for each

would be urged. Heavy spring rains which caused 50 per cent at every age period, slight crop damages in northern and the reduction was as much as sectors have brought out fruit buds 90 per cent for diarrhea and enteriin the southern belt.

The State Agriculture department reported apple, cherry and peach The relative decline in the mortrees were ready to blossom in tality from accidents, while very counties. Pastures considerable, was appreciably below have turned green in most areas that from disease. Among boys five and wheat and other winter grains to 14 years old the number of lives benefited from rain and warmer lost in accidents is more than twice weather, it added.

Hope For Good Crops "Fruit growers are expressing gether with tuberculosis, pneumonia,

hope for good crops this year," the rheumatic fever and appendictis. department said. "Cold weather of March retarded bud development accident prevention movement and observers say conditions this intensify its efforts in the field of year are nearer normal than for child safety," the statisticians conseveral years past.

clude. "It is encouraging to note The federal-state crop reporting that public health officials are more service warned that the danger of and more interesting themselves in frost was not past, explaining late this opportunity to conserve life cold waves had struck the state and limb in their communities." up to the middle of June.

The high price of farm machinery remained the bugbear of agriculture. Prices quoted at farm sales indicated most food producers will have to use worn equipment for at least another season the department re-

Emphasizing the value of farm woodlots, the department of forests and waters announced research had revealed a cord of seasoned wood will give as much heat as a ton of

"It will leave about one-quarter the amount of ashes," it added.

A four-day tour of leading dairies has been included in courses of-fered Pennsylvania State college agriculture students.

Emphasis was placed on milk processing methods and ice cream production

Action Taken At Board Meeting Wednesday Night -Teachers Unassigned

OTHER MATTERS BEFORE BOARD

Four teachers were elected by the New Castle school board Wednesday night when the board met for its monthly business meeting.

Anna Mary Ewalt, New Wilmington, a graduate of Edinboro State Teachers College with 22 years experience in teaching. Sara D. Fields, 919 Maryland avenue, New Castle, a graduate of Slippery Rock State Teachers College, 6 years experience. Ethel May Graff, RD 2, Ellwood City, a graduate of Geneva College, experience two years. Edna May Griffiths, RD 2, Karns City, a graduate of Slippery Rock State Teachers College, six years experience. All are unassigned.

A request was received from the Legislative Committee of the New PHONE PICKETS Castle chapter, Pennsylvania State Education Association, asking that the board go on record as favoring House Bill 417, which provides a ne; salary schedule for all teachers with a minimum of \$2,400 and a Striking telephone workers know maximum of \$4,100.

Want More Information

Director A. C. Hyde said "if we are asked to endorse a bill we should be furnished with a copy of it.' Director Earle M. Brookover: "We can't be expected to endorse something like this.

Director C. L. Shira: "If we have not the facts contained in the bill, we can hardly be expected to en-

Director W. Fulton Jackson: "Before the bill is on the calendar for passage it may contain a lot of amendments. If we endorse it now we would be presumed to endorse any amendments offered.

No action was taken but members of the board said informally they would not oppose any bill giving the school teachers more money if the state provided the extra money All of them said they were against increasing the tax upon real estate. President Leslie Brindle appointed Dr. W. Fulton Jackson as the member of the board to represent the beard upon the directorate of the Greater New Castle Association. Secretary John B. Bechtol was instructed to rent 103 caps and gowns to augment the supply on hand, for use in the une commencement.

Advertise for Materials Secretary John B. Bechtol was instructed to advertise for lumber and cement for seats and piers for the new steel bleacher seats to be used in the Taggart Stadium. Ar engineer will be hired for a shor time to see that the bolts are placed in the proper position for the seats and to inspect the piers which will be poured. It is expected the new seats will be under erection within

Bids for amiesiting ground around Rose Avenue school, McGill school, Thaddeus Stevens and Lincoln and Garfield schools were received. There was a wide discrepancy in the bids, the Mahoning Paving Company bidding \$9,743.20 total, J. M. Pattison \$10,308.13, James Eriskine. Company \$18,811.55. There was some the specifications which apparently accounted for the wide discrepancy. The bids were referred to the Building and Grounds Committee.

ordered purchase from the W. M. Clark Compay at its bid of \$3,209.20. They will be used in the Benjamin

A bid of \$1,476 for 200 Red Comet fire extinguishers was laid upon the table. A proposed code governing the use of school musicians in off the campus activities, prepared by the American Federation of Musicians in conjunction with the Pennsylvania School Music Association was laid upon the table.

P.S. and extra-curricular. Cigars were passed to the directors by Secretary John B. Bechtol marking the arrival of a new grandson.

BALTIMORE - (INS) - Running water in the poultry house will save a lot of running-on the part of the farmer, according to University of Maryland economists.

British Malaya and the Netherlands East Indies supplied more than 85 per cent of the U.S. imports of rubber in the year immediately preceding World War II.

"DURNED out" today may well mean being out of a place to live.

Be doubly careful to eliminate fire hazards in your home. And consult us about today's higher values. Don't let fire catch

A FORTUNE IN FLAVOR!

WHERE VELVET IS BEST KNOWN

Women Buy 3 Times As Much VELVET As Any Other Cake Flour

Amazing New Survey Shows Velvet Far Ahead of All Other Cake Flours

An amazing independent survey actually shows that where Velvet is best known women buy three times as much Velvet as any other cake flour.

There's a reason for this. They say they get the best results when they use Velvet. The tenderest, flakiest pastry—the fluffiest, lightest cakes—that's what every woman wants, and Henkel's Velvet Cake Flour can help you to get them.

Velvet is such a wonderful flour because its quality is carefully controlled. It's uniform-every bag just the way it should be.

Just try this great flour and see if you're not like thousands of other good cooks who get such wonderful results with Velvet that they never want to use any other flour.

VALUABLE PREMIUMS

Every package of Velvet Cake Flour contains val-uable coupons that can now be exchanged for a large range of wonderful aluminum ware for your kitchen. Start saving your coupons now.

Plans For Addition To High School To Be Discussed Soon

State Department Of Public Instruction Official To Confer With Board April 23

· Dr. Frank L. Burton, superintendent of schools, told the school board Wednesday night that Dr. Sanders of the Department of Public Instruction would be in New Castle next Wednesday, April 23, to discuss plans for the proposed addition to the senior high school. Dr. Sanders has made some criticism of the plans for various rooms but her criticisms are not clear to the board or the architects. She will be asked to explain.

The board will meet with Dr. Sanders at a luncheon in the George Washington junior high

The attendance for March was shown to be 6393 out of an enrollment of 7484, an average of 86 per

The attendance officer, Robert Stewart, reported 155 cases of absence reported and investigated, with 10 notices served upon parents and one arrest and conviction,

College Choir To **Present Concert**

Westminster A Cappella Choir To Sing At New Wilmington Monday Evening

NEW WILMINGTON, April 17-The Westminster a cappella choir and singers will present their annual spring concert Monday evening in the college chapel. The program will start at 8:15.

The choir will sing "Be Glad Turtle Dove", an English folk song lenghey college. arranged by Vaughan Williams; "He's Gone Away", a southern chaplain and now director of youth mountain song by Joseph Clokey, program at New Haven, Conn., sucand three Negro spirituals written ceeds the Rev. Wiley H. Critz, now by William Dawson, "Soon Ah Will at Mississippi State college. Be Done", "There Is a Balm in Gilead" and "Ain't A-That Good

The singers will render four of the six chansons of Paul Hindsmith, "The Doe", "A Swan", "Since All Is Passing", and "In Winter". Other numbers will be 'Babylon Is Fallen' and "Elegy" by Darius Milhand: "Requiem" of Granville Bantock,

Mary Lou Black, Omaha, Neb., will Charles Sager of the Conservatory

Jury Awards Large Verdict

awarded the widow and children of Albert Bliss of Pittsburgh in Common Pleas court. Bliss was electrocuted August 25.

1945, while repairing a sewer in the basement of the McFetridge Brothers Brick Co., plant in nearby East Deer township. Counsel for Mrs. Bliss contended

he was forced to work on a wet floor, and was given an extension cord with an unsafe light socket. A circuit was established by a combination of the unsafe socket and wet floor, counsel contended, causing Bliss' death.

The amount of damage awarded by the jury was the highest in many years in a Pittsburgh court.

On Palm Sunday, March 29, 1461, the battle of Towton was fought. It was the most fatal of any domestic English war. It is said that 37,-000 Englishmen fell on that day. The battle occurred during the Wars of the Roses, and the Yorkists gained a decisive victory over the Lancastrians and secured Edward IV possession of the throne.

Mills. The meet gets under way at 4 o'clock. This is New Castle's second duel meet of the season. Ronzi To Box Elkins Brothers PHILADELPHIA, April 16-(INS

with the favored Chicago Stags tonight in the first of a seven-game Elkins Brothers, New Castle, both series for the championship of the heavyweights, who were supposed Basketball Association of America, to have boxed here two weeks ago, Fisheries, reports the first day of son A. C. Ronzi contracted the flu trout season found the biggest which prevented the bout two weeks

THREE nationally known boxers and a prominent matchmaker were arrested by the FBI in Baltimore yesterday on draft evasion charges. Held under a federal indictment charging violation of the selective on of the world; Red Burman, once a leading contender for the heavyweight title: Pete Galiano, ex-Maryland state lightweight champion, and Nathan E. Phillips, matchmaker for the Garden A. C. in Baltimere and Phillips were charged with giving false information to Burman's draft board in New York. The indictment asserted that the two represented Burman as an essential employe of a Baltimore ship cleancarrying on his ring career at full speed. The True bill accused Jeffra and Phillips of giving the former's Baltimore draft board false information as to the fighter's physical fitness for military service. Jeffra and Phillips were alleged to have told the draft board that the boxer was an ammunition handler at a Baltimore shipyard in October, 1944, when he was in reality devoting his full time to the ring.

Joe Baksi, Kulpmont, Pa., coal miner who scored a TKO over Bruce Woodcock, British empire heavyweight champion in the seventh round at London, Tuesday night, doesn't want any part of Joe Louis this year, hence there'll be no Joe vs. Joe fight regardless how badly Nat Rogers, matchmaker, desired to fill the coffers of the Twentieth Century club, New York. The promoters now will turn toward Jersey Joe Walcott and Melio Bettina. . . . Wilbur Patterson, coach at Union township high, s also a good fisherman. On the first day he pulled from the Slippery Rock creek a four pound brownie. . . , Primo Carnera and Lou Newman are scheduled to exhibit their wrestling holds in The Arena tonight. . Former Sheriff W. G. Andrews is home from the south and still wears the tan he won in the sunshine. . . . Ed Connery may be taking off for Canada at any date now. Lake trout season is in.

Giants Giving All Youngsters **Chance To Play**

New York Giants Putting Accent On Youth With Few Steadying Veterans

By LES CONKLIN (I...ernational News Service Sports Writer) NEW YORK, April 17 .- A young, fast team, steadied by a handful of stellar veterans, will be fielded by the New York Giants this season

The club has a first-rate gate attraction-unless he flops early-in Clint Hartung, the fabulous rookie outfielder. This big fellow from Hondo, Tex., is supposed to be able to hit a ball farther than any player since the days of Babe

Hartung's batting stance has been criticized roundly by experts, as has his fielding. Yet he has been battling well, and has one of baseball's really great throwing arms. He could make or break this 1947

Hartung will play left field. The other gardeners are Whitey Lockman, a brilliant sophomore performer, and Willy Marshall, who seems to have taken a new lease Marines.

The New York infield is threequarters set, with a wide-open battle for the third base job in progress among Sid Gordon and two rookies -Jack Lohrke and Bob Thomson, the speed boy

Mize Looks Good Big John Mize looks better than ever at first base. The clever Buddy Blattner is holding down the Keystone position, with Buddy Kerr, a really brilliant shortstop, as his double-play partner.

Behind the plate the New York mainstay is Walker Cooper, the \$175,000 beauty from St. Louis who was of little use last season because of injuries. Cooper's bad fingers still bother him and he has had a touch of arthritis, but he has been whacking the horsehide with his old vigor, and is a great help to the club's young pitchers.

Good Pitching Staff The four starting pitchers likely will be Dave Koslo, Monte Kennedy, Bill Voiselle and Bill Ayers, the

lanta who has hurled brilliantly in

his last two starts. Another promising recruit, Larry Janesen, is fast recovering from an injury which retarded his progress for some time. Other mound hopefuls are Ken Trinkle, Mike Budnick

Manager Mel Ott probably will do little playing this year, except as a pinch-hitter or to fill in for an incapacitated outfielder.

and Gene Thompson.

If the veteran Cooper regains his old form, and Hartung and a couple of the other rookies come through, the Giants might climb from the cellar to as high as fourth place in the National league race

Propose \$1 Boost In Hunting License

HARRISBURG, April 17 .- (INS) The House today had on its calendar a bill to boost from \$2.10 to \$3.10 the annual combination big and small game resident hunting

Representative George Goodling (R) York, vice chairman of the game and forestry committee, said the extra \$1 would not be earmarked for any specific purpose. The bill was sponsored by Representative W. Henry Elder of Lycoming county

Another amended bill reported favorably by the committee would reduce from \$100 to \$25 the fine of permits to retain racoons for Woodcock at London. training hunting dogs, Goodling

During those times, our Pal Baksi was winning and losing his share by turns—and falling down through sheer inept awkwardness when least expected. He hasn't changed a great Tommy Bell, Youngstown, deal. He fell on the floor last night

> There Is Difference Obviously, the difference between the champion. More often than otherwise you don't get up either.

What has happened to Woodcock apparent for all to see. He is a dead game young fellow with a fair punch and some boxing ability, but nis English managers have sought to cash in on him quickly with the result that they have got him stiffened twice.

with Mauriello. It didn't take long to preve that point. He didn't have any business in there with Baksi either and again the evidence was quickly presented in that connection. Not Great Fighters

Mauriello and Baksi are not great fighters by any stretch of the imagination, but they are rough, tough fellows schooled in the American way of going. Woodcock has been brought up on that British stylized way of fighting in which you thrust and parry and step back.

Our guys don't know anything about that fancy stuff and don't plan to start learning it. All they know is to get in there and keep banging away until something gives.

Yacht Slaying To Be Reenacted

HAVANNA, April 17-(INS)-Exotic Patricia Schmidt, who insists she has "not done anything roll; wrong," returns today to the death Yacht "Satira" to reenact the slaying of Chicago attorney John L

Mee during a lover's quarrel. In order to determine the truth about the shooting last Tuesday, Judge Santiago Mencia ordered the 21-year-old nightclub dancer and Charles (Chuck) Jackson brought to the yacht in Havanna Harbor to run through the happenings of that

Jackson, former buddy of Mee when the latter was PT-boat commander in the Pacific, was held in \$10,000 bail for concealing evidence in connection with the shooting, for which Miss Schmidt has been

harged with homicide. The dark-haired, Toledo (Ohio) entertainer was on the verge of tears last night as she reiterated her contention that she killed Mee n self-defense.

Egg And Milk Production High In Pennsylvania

By ARTHUR C. WIMER

WASHINGTON, D. C., April 17-On the basis of production records, hens can cackle louder and cows can moo longer in Pennsylvania than

In the Keystone State, milk production on April 1 averaged 19.4 pounds per cow. This compared with a national average of only 15.9 pounds per cow. The Pennsylvania average also showed a one pound increase over the 18.4 average for April 1 last year.

March egg production per 100 layers averaged 1,711 eggs in Penn-sylvania as against 1,642 in the naion. The Pennsylvania average. nowever, fell from 1,792 in March,

Winter Wheat

The winter wheat harvest in the Keystone State is expected to decline this year to 18,940,000 bushels from 19,912,000 bushels in 1946, on the basis of April 1 conditions. The crop in the country at large, on the other hand, is slated to increase almost 100,000,000 bushels.

From April 1, 1946 to April 1 1947, grain stocks on Pennsylvania farms declined as follows: corn, from 24,049,000 to 21,323,000 bushels: bushels, and rye, from 172,000 to 85,000 bushels. Oats on the farms increased from 9,587,000 to 12,013,-000 bushels, and barley from \$28,000 to 1,064,000 bushels.

Brown To Report On Meeting Friday

deliver a report on the recent Northwest Division of the Pennsylvania Federation of Sportsmen's meeting to the Lawrence County Council of Sportsmen at 8 p. m. Friday in the Y, according to Secretary George Bolinger.

ANOTHER MIS-MATCH

Ezzard Charles-Erv Sarlin 10-

round bout in Pittsburgh was a mis-

match. It lacked only one expestation. It went the limit. It cost the fans \$20,075 to find this out. BABE WINS AGAIN Babe Didrikson Zaharias, beat

Mrs. William Hoskenjos, Hopatcong,

N. J., 7-6, in the first round of he North-South Women's Golf meet Pinehurst. HURLS NO-HITTER Nick Difranks, right hand soph

pitcher, pitched a no hit, no run game as West Chester Teachers

beat LaSalle College, 1-0, at West MULLOY, NET WINNER

Garnar Mulloy, Miami, won the ingles title of the first Southern Night tennis meet in Miami, Fla., beating Buddy Behrens, Fort Lau-

dersdale, 6-4, 6-2, ON VOLUNTARY LIST Clyde Passeau, Cubs star right hand pitcher, has been put on the voluntarily retired list because he

Hope Operation On Brain Will Cure Confessed Burglar

-Surgeons and psychiatrists at Pittsburgh hospital awaited determination of success of a delicate brain operation on a confessed burglar which, they hoped, would curhim of his "criminal tendencies" The three-hour operation-apre frontal lobotomy-was performed

n Millward Wright, 38 Dr. Yale David Koskoff, a brain surgeon of Pittsburgh, performed the surgery free of charge in the interest of scientific research. A portion of the front of the brain was removed in the operation. He said, prior to the operation. t would be some time before its success or failure could be deter-

In more than 100 similar operations performed throughout the naion in the last two years, nearly Judge A. Marshall Thompson granted Wright's request for the operation when he appeared for sentencing for a series of burglaries in Pittsburgh. He had a record of burglaries dating back more than 20 years, had served several penitentiary terms, and could be sentenced to life under the habitual

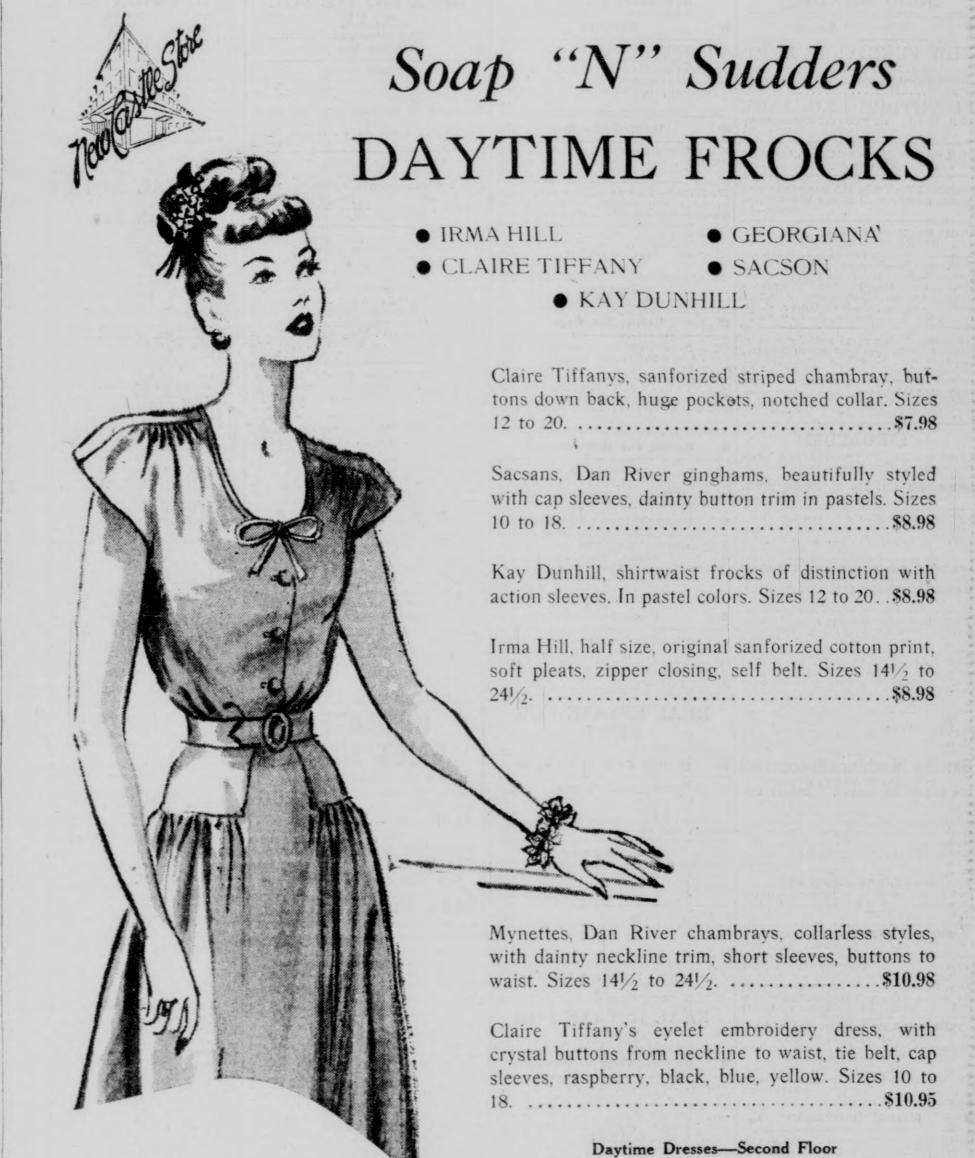

Wright, married and the father of two children, told the judges: "I'm praying that surgery is the answer to my problem."

New Plastic Glue Strong Enough To **Support Locomotive**

trong enough to support a locomove-was described at the 111th National Meeting of the American Chemical Society in Atlantic City. Credit for developing a technique or producing the glue was given to Fritz J. Nagel and Elizabeth M. Ackermann, of the Westinghouse Research Laboratories, East Pitts-

The glue was said to possess greater resistance to water, ice, heat and salt spray than ever before achieved. It maintains maximum strength at temperatures from 60 below to 300 degrees above zero. The manufacture of new substances resistant to abnormal degrees of temperatures was one of the prime topics of the meeting. Those atending included Joseph Messina, of Philadelphia, research chemist at the Frankford Arsenal, who has been experimenting with

oil compounds
